

The Crocodile Hunter Picture Pairing Game

Your animal friends are playing hide and seek. The Australian wild is a big place, and you'll need to use your memory to find many of the creatures and critters living here!

Players place 22 Circle Tiles face down into the play area. A collection of Australia's distinctive wildlife is hidden on the reverse sides of many of these Tiles. Three Animal Cards are drawn from a deck and placed face-up. Players take turns exploring the Outback, flipping two Tiles over. If a Tile matches a Card, it's scored, and the Card is replaced. Unscored Tiles are placed facedown again. You'll have to move quickly... If you draw a Scramble card, the animals have heard you coming and find new hiding spots—you must reshuffle all the remaining Tiles!

When all the animals are found, the player who scored the most Tiles wins!

Game Contents

- 22 Circle Tiles
- 19 Cards
- Game Board (Map)
- Instructions

Game Details

- Family Board Game
- Ages 3+
- 2–4 Players
- 10 Minutes
- Available October 2020
