

- Card drafting
- Dice rolling
- Press your luck

### **Ever wanted to reset the clock? Now's your chance!**

Have you ever wondered who you would have been if your life had gone differently? How would you direct your life if everything were up to you? Would you be a world traveler, a magician...or just a lazy bum?

"CV" means *curriculum vitae* – your resume – and in the dice and card game **CV** you will lead a character through his entire life, making many choices about friends, relations, jobs and activities. Everything is possible: a dream job, new relationships and skills. You can be whoever you want!

Gameplay is built around the *Yahtzee*-style dice rolling and re-rolling system. On their dice, players are trying to roll sets of symbols that allow them to acquire cards; each round these cards give benefits of some kind, such as new symbols and special abilities. At the end of the game, each kind of card scores points for the player.
