If you only had 3 wishes, what would they be?

In *3 Wishes*, you and your friends have stumbled across a Genie, who is both powerful and mischievous; he will make someone's wildest dreams come true - but only for the right person! It will take quick wits, guile, and cunning to ensure you gain the genie's favor!

A superpower?

A spaceship?

World Peace?

Maybe a pet dragon?

Any of those could be yours.

...Or could they?

3 Wishes is a fast paced hidden information game for 3-5 players that Tom Vasel says "*For me, 3 Wishes actually surpasses Love Letter!*"
