It just wants to curl up... around your head.

The Face Hugger from Alien is a terrifying creature that springs out of its huge egg to cover your face and turn you into a living incubator for its Alien spawn. But this cute QMx Q-fig Face Hugger just wants to give you a free hug. No, really.

About 3 ½ inches tall and sitting on an alien terrain base, the face hugger emerges from its egg holding a "Free Hugs" sign.

****Territory restrictions are subject to change. For an updated list of restrictions, please contact your sales account representative. Failure to comply with the terms of our agreement with result in termination of partnership.**
