Rev it up again, and enter the *Duelist Nexus* with this Summer's core booster set!

Take your Synchro Summoning strategies to a whole new universe of speed with new cards inspired by *Yu-Gi-Oh! 5D's*, including the mighty Crimson Dragon from the anime series, now brought to life as an actual Synchro Monster! Make sure to pick up **Assault Synchron** from *Battles of Legend: Monstrous Revenge* so you can get a rolling start on this high-speed strategy!

Hot summer knights return! Three years after they first appeared in *Rise of the Duelist*, the epic saga of the fiery Infernoble Knights continues in *Duelist Nexus*! Dust off your **Infernoble Knight Emperor Charles** and your Equip Spells as you'll need them to Summon a brand-new 3000 ATK Link-1 Link Monster that can reduce your opponent's Spell/Trap effects to cinders!

It's not just medieval history that's coming to life in *Duelist Nexus* either! Natural history hits back with new Dinosaur cards including a new type of **Grenosaurus**, plus Evolsaurs that can evolve into a mighty Rank 6 Evolzar! You'll also find new cards for Decks introduced in *Cyberstorm Access* like "Nemleria" as well as several awesome surprises you'll just have to wait to see!

Duelist Nexus also includes a brand-new World Premiere theme and introduces Quarter Century Secret Rares to core boosters for the first time! 25 cards will be available as Quarter Century Secret Rares to represent 25 years of the Yu-Gi-Oh! card game!
