

YU-GI-OH! FUSION ENFORCERS

DISTRIBUTOR BOOSTER FACT SHEET

ITEM ORDER NUMBER: 83164

Fusion Monsters, the original Extra Deck card type, have been steadily growing in power and influence over the past three years, and now they're getting an entire booster set to themselves! *Fusion Enforcers* enhances Fusion strategies based on the Decks of popular characters from the *Yu-Gi-Oh! ARC-V* animated TV series and introduces a brand-new original Fusion strategy that's sure to delight both newcomers and veteran Duelists alike!

- Throw your opponent's monsters into a greenhouse of carnivorous horrors! The Predaplants, first introduced in *Invasion: Vengeance*, arrive in earnest. These DARK Plant-Type monsters weaken their prey with Predator Counters before devouring them whole – or worse! In *Fusion Enforcers*, Predaplants also gain the ability to fuse with **Starving Venom Fusion Dragon** to create an even more terrifying monster that's harder to stamp out than a yard full of weeds.
- They may look cute and cuddly, but that's just how the Fluffals get you to drop your guard before fusing into nightmarish Frightfur Fusion Monsters! The Frightfurs are well known for their aggressive effects, and *Fusion Enforcers* has a new Frightfur that can take on an entire army of monsters by itself. As a Fusion of any "Fluffal" monster and any "Edge Imp" monster, this new Fusion Monster is easy to Summon and can take out up to 3 enemy monsters each turn before descending back beneath the waves to defend itself.
- A brand new Fusion-centric theme arrives on the scene! Take on the role of a master summoner and call forth fantastical beasts of each basic Attribute using monsters from your hand, field, and/or either player's Graveyard as Fusion Materials! Because you can use monsters in the Graveyards to Fusion Summon, you can change your game plan up depending on what kind of strategy you're up against. And if Fusion Monsters of *each* basic Attribute aren't enough to get the job done, go even bigger with a Fusion Monster that counts as having *every* basic Attribute! Any Duelist who enjoyed the Shaddoll monsters from *Duelist Alliance* should check these cards out.

The *Fusion Enforcers* booster set contains 60 cards: 40 Super Rares and 20 Secret Rares.
