Awaken the power of the Egyptian God Cards!

If you've ever wanted to build a Deck around an Egyptian God Card but didn't know where to start, look no further than the Egyptian God Decks! *Egyptian God Deck: Slifer the Sky Dragon* and *Egyptian God Deck: Obelisk the Tormentor* serve up simple strategies to Summon and win with either **Slifer the Sky Dragon** or **Obelisk the Tormentor**.

Slifer the Sky Dragon

Slifer powers up depending on how many cards you have in your hand, so this Deck uses Token-generating effects to help you gather the 3 required Tributes while using fewer cards from your hand. After you have Slifer on the field, power it up with cards that let you draw more cards, like the brand-new **Thunderforce Attack!** Based on Slifer's signature attack, this Spell can destroy all your opponent's face-up monsters at any time, but if you use it during your own Main Phase you can draw a card for each monster destroyed!

Obelisk the Tormentor

Unleash the true power of **Obelisk the Tormentor** by Tributing 2 monsters you control and wipe your opponent's monsters off the field! This Deck uses self-replicating monsters to provide Tributes and protect your Life Points as you get closer to drawing your Divine Beast. Obelisk's own ability can crush your opponent's monsters all at once, but throw in the new Spell Card, **Fist of Fate**, and you can negate a monster's effect and destroy it without needing to Tribute. Activate during your own Main Phase and you can crush all your opponent's Spells and Traps as well!

Each Egyptian God Deck is 40 cards total and includes 1 Egyptian God Card and 5 new cards – 4 unique new cards as well as 1 copy of **Soul Crossing**, a brand-new Quick-Play Spell Card included in both Decks that lets you Tribute Summon your Egyptian God Card by Tributing your opponent's monsters!

Each Deck is playable on its own straight out of the box and comes with a Dueling Guide that explains the basic strategy and some rules you should know to get the most out of your Deck. Of course, if you pick up both, you can mix and match their strategies to create an awesome Deck that can wield multiple Egyptian God Cards!
